COURSE OVERVIEW

The HSA 100 Programme is a comprehensive multi-part digital course designed for beauty professionals, salon owners, and entrepreneurs. Blending scientific rigour with luxury wellness, this programme is the essential prerequisite for the intensive Onsite Practical training.

CORE ONLINE MODULES

HSA 101: Foundations & Physiology

Comprehensive study of hair and scalp anatomy, growth cycles, and the biological foundations of the "Scalp Facial".

HSA 102: Scalp Conditions & Disorders

Advanced identification of common disorders, hair loss pathologies, and specialised referral protocols.

HSA 103: Nutrition & Cosmetology

Exploring the impact of diet on hair integrity and the chemical composition of professional head spa products.

HSA 104: Programming & Consultation

Professional consultation techniques, microscopic scalp analysis, and the business organisation of treatment plans.

HSA 105: THE ONSITE PRACTICAL

Following the successful completion of your online units, you will be invited to a **Full Day Practical Immersive** facilitated by **IHSA Accredited Instructors**.
